

**Wisconsin Physicians Service Medicare A&R  
Provider-Based Designation Attestation Statement**

Main Provider Medicare No. (CMS Certification #-CCN): \_\_\_\_\_

Main Provider Name: \_\_\_\_\_

Name of Provider-based unit: \_\_\_\_\_

The following is an example created by Wisconsin Physicians Service for an attestation of provider-based compliance. If you elect to use this form or any other format, CMS recommends that you place the initial page of the attestation on the official letterhead of the main provider

**Please note that, per 42 CFR 413.65, provider-based determinations in relation to hospitals ARE NOT made for the following facilities:**

- Ambulatory Surgical Centers (ASCs) as a Supplier only
  - Does not include if the provider wants to bill under the Hospital's Medicare provider number. Then the provider must go through the provider-based attestation if they wish to have a determination as provider-based.
- Comprehensive Outpatient Rehabilitation Facilities (CORFs)
- Home Health Agencies (HHAs)
- Skilled Nursing Facilities (SNFs)
- Hospices
- Inpatient Rehabilitation Hospital (IRF) Units that are excluded from the inpatient prospective payment system (PPS) for acute hospital services
- Independent Diagnostic Testing Facilities (IDTFs) furnishing only services paid under a fee schedule (subject to CFR 413.65(a)(1)(ii)(G).
- End Stage Renal Dialysis (ESRD) Facilities
- Departments of providers that perform functions necessary to the successful operation of the providers but do not furnish services of a type for which separate payment could be claimed under Medicare or Medicaid (for example: laundry, medical records departments, etc.)
  - Considered also as overhead or non-revenue producing departments*
- Ambulances
- Rural Health Clinics (RHCs) affiliated with Hospitals having more than 50 beds
- Facilities that only furnish clinical diagnostic laboratory (CDL) services paid under fee schedule
- Other types of services that only furnish services paid under a fee schedule

**Provider-based determinations are also not made unless there is a reimbursement (payment) impact between how the facility would bill as provider-based versus how they would bill if they were considered freestanding. *An exception is made for remote locations of a hospital that are providing the same services as the main hospital. In these cases, a provider-based determination can still be requested.***

**Tips to consider if the provider needs to attest or not:**

**Provider-based attestation IS NOT necessary if:**

- a. The payment is the **same** whether it is free-standing or provider-based, or
- b. The beneficiary's liability for the coinsurance or deductible amount would not be affected, or
- c. \*The entity is located on the floor of the main building/department of the hospital, in the main building, or
- d. The provider plans to continue to bill the Part B (Carrier). Provider-based attestation ONLY affects how they would be paid through Medicare part A through the Fiscal Intermediary/Medicare Administrative Contractor (FI/MAC).

\* A facility/organization located within the four walls of the provider's main building(s) that fall within the scope of the provider-based regulations (42 CFR 413.65) and bill under the provider's number to the FI/MAC must be compliant with all applicable provider-based requirements and obligations relative to "on-campus" facilities but they do not need to submit an attestation for provider-based determination as no review will be performed on such facilities.

Examples of categories that may be allowed to submit a provider-based attestation: ASC where the provider wants to bill under the Hospital provider number, facilities that provides PT, OT, ST to ambulatory patients where they desire to bill under the hospital provider number and multi-campus hospitals that desire to bill under one provider number.

As you complete this form, pay attention to the requirements and obligations relative to the type of provider-based facility/organization (i.e. Dept. of a Provider, Remote Location of a Hospital, Satellite Facility, Provider-Based Entity) and the location (i.e. on or off campus) of the provider-based facility/organization in relationship to the main provider.

**NOTE: When an additional location has been added to your facility, a CMS Form 855a is required to be submitted. Should you also choose to submit a provider-based attestation for this facility, please ensure that the 855a form is filed prior to or along with the provider-based attestation.**

**NOTE: Do not submit your provider-based attestation unless all of the necessary information is included and/or available. For example, if you have not included a copy of the license showing that the main and provider-based facility are operated under the same license a missing information letter will be issued requesting such information. If the request is not met within 30 days, the FI/MAC must make a recommendation for disapproval to the CMS RO.**

**Signature and Title of Authorized Administrator of Medicare Provider** \_\_\_\_\_ **Date** \_\_\_\_\_

4) Main Provider's FI/MAC: \_\_\_\_\_  
5) Is the main provider accredited? \_\_\_\_\_ (Y or N)  
5a) If yes, by whom? \_\_\_\_\_  
Date the main provider began billing services rendered at the facility/organization under the main provider's Part A provider number. \_\_\_\_\_

**Indicate Y or N:**  
7) \_\_\_\_\_ Is the facility/organization part of a multi-campus hospital?  
8) \_\_\_\_\_ Is the facility a Federally Qualified Health Center (FQHC)?

Note: If you responded yes to #8 above, and if the FQHC meets the criteria at Section 413.65(n), it need not attest to its provider based status. The provider-based rules do not apply to other FQHCs that do not meet the criteria at section 413.65(n), and an attestation should not be submitted.

- 9) \_\_\_\_\_ Is the facility an RHC  
9a) \_\_\_\_\_ If the facility is an RHC, does the main provider have 50 or more beds? **OR**  
\_\_\_\_\_ If the facility is an RHC, is the RHC otherwise eligible for the RHC upper limit payment  
9b) \_\_\_\_\_ exception?

9c) If you responded yes to either 9a or 9b, please do not submit this attestation as CMS will not make a provider-based determination if the RHC is part of a main provider that has 50 or more beds or is otherwise eligible for the RHC upper payment exception.

Due to the voluntary nature of the provider based attestation process, the facility/organization requesting provider-based status may have self-determined their adherence to the regulations and started providing these services and billing under the main provider number before they decided to submit an attestation for an official determination. On the other hand, some facilities may begin by billing as free standing and then decide to file an attestation before they start billing as provider-based.

**Enter appropriate dates below:**

- 10) \_\_\_\_\_ Date the Provider began providing services and billing as provider-based-- **OR** - -  
\_\_\_\_\_ Date the Provider plans to begin providing services and billing as provider based

**11) Type of Filing: (Place an X by the selection that applies)**

\_\_\_\_\_ Provider-based entity (Rural Health Clinics (RHC))  
\_\_\_\_\_ Other - explain:

**13) List the specific medical services (i.e. surgical, radiology, evaluation and management, etc.) the facility/organization requesting provider-based will provide:**

\_\_\_\_\_  
\_\_\_\_\_

Note that provider-based status is only granted when there is a difference in either Medicare reimbursement or patient's coinsurance liability between how the facility would be paid if it was treated as freestanding versus how it would be paid as Hospital-based.

As an example, certain facilities may normally bill through the carrier for services as freestanding, whereas they will bill through the FI/MAC for services as hospital-based. **If there is no difference, do not submit this attestation.**

**In the space below, describe the difference in payment that will result from billing as provider-based.**

**Select one of the below options with an X.**

1c) \_\_\_\_\_ This state does not allow for any sort of licensure for the provider-based entity, whether with the main provider, or by itself. **Documentation from the state has been included to support this.**
