

May 2008 Notes from the President

Show-Me of Missouri Members,

Today is officially my last day as the President of the Show-Me of Missouri Chapter and it has been an exciting year which I have truly enjoyed!

The year was filled with many educational opportunities including webinars which our chapter had not offered in the past. We met many other goals including offering coaching courses for the certification exam. The chapter has many members studying to take the exam during the upcoming year which is very exciting! Also, you will see additional information about certification on our chapter website very soon.

I want to thank all the officers, directors, and committee members that have made the past year so successful and memorable. If it wasn't for them, our chapter would not be as great as it is today!

If you'll remember my message at the beginning of the year, I told you the National theme was "Make a Difference" and that everyone has the potential to make a significant difference in the world around them. I sincerely hope HFMA has made a difference in your life both professional and personally.

Best Wishes,

Stephanie Fennewald
