

## December 2007 Notes from the President

Happy Holidays! This time of year is great but also very busy! I hope you are all enjoying some time off around the holidays. This edition of “Notes from the President” will be short but I wanted to send a short update out before the end of the year.

The Spring Conference will be held on May 14-16, 2008 at the St. Charles Convention Center in St. Charles, MO. The Program Committee has been very busy planning a great lineup of speakers and will be sending out more information in January about the educational programs and the vendor fair. Please be sure to save this date because you will not want to miss this one!

We had our first webinar in November and it went very well. The topic was the on the impact of proposed and final changes to Stark. I hope many of you were able to participate and we will be offering more webinars in the future so please watch for more information.

I want to thank all of you for your membership and please be sure to let me know of anything I can do to make it more valuable to you! I wish you a safe and happy holiday season!

Sincerely,

Stephanie Fennewald
